MAKO SERIES

MAKO D1

HIGH-FIDELITY STEREO DELAY

- 5 studio-grade, high-fidelity, custom-tuned delay programs
- Create inspiring echoes from Digital, Modulated, Vintage, Dual Delay and Reverse
- Each program can be tuned and tweaked with modulation, tone, age and tap subdivisions
- Attack knob will soften the attack of the echoes for dreamy and ethereal soundscapes
- Tap-tempo switch also usable for momentarily ramping up repeats
- Full-stereo or mono operation
- 9 on-board presets, up to 128 presets recallable via MIDI

MAKO R1

HIGH-FIDELITY STEREO REVERB

- Powerful and versatile multi-function reverb
- From small intimate room sounds to massive washes of experimental euphoria
- 6 customized, studio-quality programs: Spring, Hall, Plate, BFR, RFRCT (Refract) and Air
- Every program can be tuned and tweaked extensively
- Volume swell effect can be applied to any of the 6 reverb-programs
- Sustain / latch the current reverb and continue to play over it
- Full-stereo or mono operation
- 9 on-board presets, up to 128 presets recallable via MIDI

MAKO SERIES

MAKO ACS1

AMP & CAB SIMULATOR

- Amp and Speaker cab simulator for live and recording
- 3 classic tube amps: Fullerton (inspired by Fender Deluxe Reverb), London (inspired by 1962 Marshall Bluesbreaker), Dartford (inspired by 1960s VOX AC30)
- 6 custom IRs created by tonefactor.com
- Load your own IRs via dedicated web app
- Use a different amp/cab configuration on each channel (stereo mode)
- Headphone output for silent practice sessions
- 3 on-board presets, up to 128 presets recallable via MIDI
- USB port for future firmware updates

MAKO M1

HIGH-FIDELITY MODULATION MACHINE

- Powerful and versatile multi-function modulation machine
- 6 customized, studio-quality programs: Chorus, Phaser, Tremolo, Vibrato, Rotary and Filter
- Each of the Programs has 3 different types of that effect (e.g. Traditional Chorus, Dual Chorus, Tri-Chorus)
- Wealth of options to tune, tweak and customize each program
- Dedicated Lo-Fi knob allows to mix various lo-fi parameters to every program
- Full-stereo or mono operation
- 9 on-board presets, up to 128 presets recallable via MIDI
- USB port for future firmware updates
