Need to Know for Retailers

- Beetronics very first pedal designed “for everyone” combining overdrive & fuzz in one box. It’s ultra-versatile and super-simple to use.
- Believe it or not – only few pedals on the market offer high-quality overdrive & fuzz in a single box (especially with such a small footprint).
- The overdrive covers a wide range, from tweed-style crunch to full-bodied overdrive. The fuzz sound is modern and extends into high-gain territory.
- Highly responsive performance. Every nuance of your playing is enhanced and there is plenty of headroom.

Product Features

- Overdrive and Fuzz in one box
- From vintage tweed-style crunch to full-bodied overdrive to modern high-gain fuzz
- Pairs perfectly with any guitar, pedal or amp
- LEDs indicate the selected mode, even when the pedal is bypassed
- “Honey” sets the amount of gain
- Set the perfect EQ for each guitar or amp via the “Taste” control
- Highly responsive, enhancing every nuance of your playing
- Plenty of headroom for dynamic performances
- True Bypass Design
- Power requirement: 9V, 30mA
- Made in California, USA

Description

The Nectar "Tone Sweetener" strikes a perfect balance between versatility and simplicity. It offers a wide range of tones, spanning from a vintage tweed-style crunch to a full-bodied overdrive, and even a modern high-gain fuzz that pairs wonderfully with any guitar, pedal or amp.

Use the mode toggle to switch between the DRIVE and FUZZ modes, while the LEDs indicate the selected mode, even when the effect is bypassed. Fine-tune your sound with the TASTE control to set the perfect EQ for each guitar or amp.

The Nectar's responsiveness is truly unparalleled, like a delicate bee collecting pollen. Every nuance of your playing is enhanced and sweetened in the best way possible, with plenty of headroom.

JUST AS NATURE'S NECTAR ENERGIZES WORKER BEES, THIS PEDAL SERVES AS THE FOUNDATION FOR YOUR TONE.
